

Train Times

12 December 2004 to 11 June 2005

Birmingham to

**Worcester, Great Malvern & Hereford
Gloucester**

Welcome to Central Trains.

This guide contains times of Central Trains services for the period from 12th December 2004 until 11th June 2005.

In co-operation with train operators across the EU, we are bringing our timetable change into alignment with the rest of Europe, which will mean one major timetable change a year in December plus the opportunity for minor scheduling changes in June for the summer period.

You will find few major changes in this timetable except for:

- The number of services between Birmingham and Hereford has been increased.
- The 20.59 Birmingham to Worcester/Hereford service on Mondays-Fridays will now run through to Hereford, instead of requiring a change at Worcester.
- The 21.36 Hereford to Birmingham service on Mondays-Fridays will now run to Worcester with a connection onward to Birmingham.

Network Rail's continuing programme of maintenance and network investment means there may be engineering schemes that may disrupt your journey particularly at the weekend. Full details of all planned schemes can be found at www.centraltrains.co.uk or alternatively please call National Rail Enquiries on 08457 48 49 50.

Visit our website, www.centraltrains.co.uk, the one-stop shop for times, prices and real time running information for any National Rail journey in Britain, plus Central Trains' promotions, offers, competitions, service information, news and much more!

Thank you for travelling with us.

Tickets

Please remember to allow sufficient time to buy your ticket at staffed stations before boarding the train. We offer a range of tickets to meet your travel needs. Broadly it is more expensive to travel at peak times during the week, and cheaper if you can travel at off-peak times, at weekends, or can book in advance (for longer journeys). The following types of tickets are available from your local staffed station, by telephone on 0870 609 6060 or online at www.centraltrains.co.uk.

Standard Tickets

These tickets are the most flexible and therefore most expensive. They can be bought on the day of travel and can be used on any train, at any time. *Standard Single* tickets and *Standard Day Return* or *Standard Open Returns* are available for most journeys.

Discounted Tickets

These tickets are cheaper as they can only be used after the morning peak (Mon-Fri) or anytime at the weekends. They can be bought on the day of travel. *Cheap Day Single/Return* tickets are available for many shorter journeys (under 50 miles). For longer journeys *Saver Single/Return* tickets are available.

Advance Purchase

On longer distance Central Trains routes, our Central Value range of discounted, advance purchase tickets may be available in limited numbers on most trains. The further you can book in advance, the cheaper the ticket (subject to availability). For details ask at your local staffed station or visit www.centraltrains.co.uk.

Season Tickets

Big savings are available for regular travellers with our range of season tickets. These tickets give unlimited number of journeys between any 2 stations in this guide for periods of 1 week, 1 month, or any longer period up to 12 months. Ask at your local staffed station for details.

Groups

Big discounts are available for small groups of 3 or 4, or for larger groups of 10+. Groupsave allows 3-4 adults to travel together for the price of 2, with up to 4 accompanying children travelling for just £1 each. Ask at your local staffed station for details. For groups of 10+ savings of up to 36% are available. Call us on 0870 609 60 60 for details.

Welcome to First Great Western Link

Thank you for picking up this guide to services. I'm glad you've chosen to travel with us and look forward to providing an excellent service on your journey.

We've drawn up a new timetable to offer you services that are less crowded and more punctual. We've co-ordinated our timetables with First Great Western, bringing our services in line with each other to make the best use of the busiest sections of line. This will mean delays are less likely and, when they do occur, services should recover more quickly.

We've invested in more trains so we can switch our 125mph Adelante fleet onto many services between London Paddington and Oxford and the Cotswolds, offering more comfortable journeys, with more seats and refreshments on board.

Services to the Kennet Valley also benefit from the changes, with reduced off-peak journey times, some Adelante trains calling at Theale, Thatcham and Hungerford for the first time, and more 125mph trains calling at Newbury in the evening peak hours.

We have completely revised the Thames Valley services with more fast trains to Didcot and a new pattern of stops providing more peak-hour seats.

Nearer to London, in the spring we will introduce a new service of brand-new electric trains which call at stations between Paddington and Heathrow Airport. This will lead to a revised pattern of journeys between Slough and Paddington.

I hope these revised times meet your needs. There are significant changes and I am keen to hear from you so I know what's working and what we could do better. I welcome any feedback and you can contact me through Customer Relations, whose details are on page 12.

(These restrictions do not apply to folding cycles.) Please store your cycle in a sensible way that does not inconvenience other passengers. On services marked with an **a** in this timetable, you must reserve a place for your cycle before you travel

Welcome to the Adelante fleet

We and First Great Western have worked together to introduce the Adelante fleet to Turbo Express routes. The 125mph Adelante trains, with their striking appearance, will be running on most of the First Great Western Link long-distance routes, including those between London Paddington and Oxford and the Cotswolds.

Passengers can relax in peace and comfort in the Quiet Carriage, tuck into a selection of food and drink from the Buffet Bar, travel in style in First Class, or enjoy music during their journey in the Audio Carriage. Better on-board facilities are also available for customers with special needs.

If you would like more information about these trains, pick up a leaflet from some staffed stations.

Adelante trains run on services marked with an  in this timetable.

Useful information

Buy before you travel

You should always buy your ticket before you start your journey, as long as there is a staffed ticket office or a self-service ticket machine. If these facilities are available and you travel without a ticket, you will not be able to buy reduced-rate tickets on the train or at your destination.

If your journey starts at a station where there is no ticket office or ticket machine, you must pay your fare to the conductor on the train. The conductor can issue the normal range of tickets.

In the interest of all customers, we aim to reduce the number of people who do not pay their fares on purpose and will check tickets on many trains and at stations from time to time. Please keep your tickets with you during your journey. You may be delayed leaving the station if you do not have a ticket.

Penalty fares

If you join one of our trains at Greenford or between Reading and Paddington, Bourne End and Maidenhead, or Slough and Windsor & Eton Central, and you do not have a valid ticket, you may have to pay a penalty fare of £10 or twice the single fare to the next station, whichever is greater.

For more information, pick up a leaflet from staffed stations in the relevant area.

Railcards

You may be entitled to buy a Railcard which can give you big savings on many fares, especially for leisure travel.

Examples include:

- Senior Railcard (if you are 60 or over);
- Family Railcard (for adults travelling with children);
- Young Person's Railcard (for 16- to 25-year-olds and full-time students); and
- Disabled Person's Railcard (for people with disabilities - special conditions apply).

You must show your valid ticket and railcard when rail staff ask. If you do not, you will have to pay the full fare and will not be able to benefit from any discount.

For full information, visit **www.railcard.co.uk** or pick up a leaflet at a staffed station.

For your travelling safety

In the car park

Make sure your car is locked, the windows are fully closed and your car alarm is switched on. Put any valuables or bags out of sight.

On the move

- Pickpockets love crowds. Keep your bags at the front of your body, closed and with the fastening towards you. Do not carry your wallet in your back pocket.
- Sit near, or wait with, other people. Keep to well-lit areas.
- Please report any suspicious activity as soon as you can to a member of staff, or to the British Transport Police (BTP) on **0800 40 50 40**.

Luggage

Please take care of your belongings at all times during your journey.

- Never leave your belongings unattended at the station – they may cause a security alert and services may be badly delayed as a result.
- When on board, never leave valuables such as wallets or mobile phones unattended.
- Do not leave luggage in walkways.
- When leaving the train, remember to take all your belongings with you. Any left luggage may cause a security alert and services may be badly delayed as a result.

You are responsible for any property you bring with you. We are not responsible for any loss or damage to luggage and belongings brought onto our trains or premises.

At the station

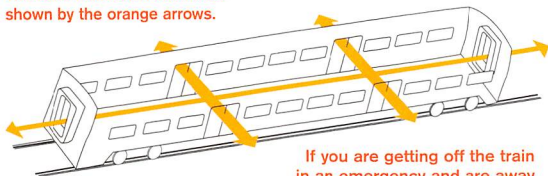

- Arrive at the station in plenty of time to catch your train. (We lock doors 30 seconds before the train leaves.) Do not rush as you may trip or fall.
- Mind your step on station stairs, escalators and train platforms. Do not run as you may trip or fall.
- Keep well back from the edge of the platform, behind any yellow line.
- Our trains are fitted with central door locking. Doors will not open until the train comes to a complete stop at the station.
- Mind your step when getting on or off the train. Be sure to step over the gap between the train and the platform. Help children cross the gap.

In case of emergency

Look around. If there is no immediate danger, wait for instructions from staff on the train. If you are in immediate danger, follow these steps.

1

Stay on the train.

Move to another coach if necessary.

If you are the last, close the door behind you.

If the door will not open, find the door hammer and hit the cover with your fist.

Break glass in any corner of the door.

2

If you cannot stay on the train, once the train has completely stopped, leave through the exit doors.

Before leaving the train, look out for other moving trains and possible dangers.

Find the emergency door-release handle next to exit doors.

Pull the green handle down fully to unlock the door.

Slide the door open.

Sit on the step and jump to the ground.

3

3 If you cannot get out of an exit door, leave the train through a window.

Before leaving the train, look out for other moving trains and possible dangers.

Find the window hammer and hit the cover with your fist.

Hit any corner of a breakable window. Do not hit the centre of the window.

Keep hitting the window until both layers of glass break.

Push out the glass using luggage or heavy equipment.

Light sticks

If the lighting on the train fails during an emergency

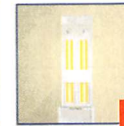

There are boxes at either end and in the middle of each coach.

Find the 'Emergency light' box.

Pull sharply on the box where shown on the label.

Light sticks will then come on.

These can either remain in the boxes or be removed as necessary.

Before leaving the train, watch out for other moving trains and possible dangers.

Do not take personal belongings.
